## SUSTAINABLE SPICE

At SpiceBox we take looking after planet and people very seriously. Here are a few of things we're doing to make your curry night more sustainable:

### ZERO TO LANDFILL

We work with First Mile recycling to make sure we recycle as much of our waste as possible.

### RE-USABLE TAKEAWAY PACKAGING

Our tiffin club swaps out our (recyclable) foil boxes for re-usable metal tiffins, saving on waste and the carbon footprint that comes with single-use packaging.

### ORGANIC WHERE POSSIBLE

We believe in working with nature rather than against it. We think organic farming is awesome and are in the process of shifting many of our menu items to organic. This may take some time, so bare with us!

### ALL TIPS TO ALL STAFF

Any tips you pay go straight to team members. They are divided equally amongst KPs, chefs and servers.
